	Bug ID	Module	Description	Steps to Reproduce	Expected Result	Actual Result	Severity	Status
	BUG_001	Registration	Submit button not working	Fill form, click submit	Registration successful	No response from button	Major	Open
	BUG_002	Login	Incorrect error message for wrong credentials	Enter invalid credentials	Error: "Invalid login details"	Error: "404 Not Found"	Critical	Open
	BUG_003	Cart	Items not appearing in cart	Add a product, navigate to cart	Product should be displayed	Cart is empty	Major	Op
	BUG_004	User Registration	Name field accepts only 2 characters, but the requirement specifies a minimum of 3 characters.	1. Navigate to the registration form. 2. Enter a 2-character name (e. g., "Li"). 3. Submit the form.	The system should display an error message if the name is less than 3 characters.	The form accepts a 2-character name without error.	Medium	Open
	BUG_005	Form Submission	The form submits successfully even when required fields (Name, Email) are empty.	1. Open the form. 2. Keep the Name and Email fields empty. 3. Click on the Submit button.	The form should not be submitted and should display validation errors.	The form submits successfully while showing validation errors.	High	Open
